FORMAT: Drop-in with informational boards and booths.
No formal presentation will be made.

SUBJECT 54 Brant Avenue

PROPERTY: Brantford, ON N3T 3G8

Riverside Hub is a proposed multi-service, community health hub that will be a Partnership of established organizations within the City of Brantford and Brant County. The proposed redevelopment is being lead by Willowbridge Community Services.

The proposed redevelopment includes the demolition of the existing Willowbridge Community Services building to be replaced with a four-storey building for community health services, administrative offices and community space. Underground parking is proposed with access from Church Street and Scarfe Avenue.

The purpose of this Open House is to provide an opportunity for you to learn more about the proposed redevelopment and the vision for Riverside Hub. Willowbridge Community Services and their Riverside Hub Partners will host informational booths about their services. Visit a community feedback station with the consultant design team to ask questions, share your thoughts and help shape the space in advance of Planning Act applications being submitted with the City of Brantford. All Statutory Notice will be provided by the City of Brantford at a future date, as applicable.

If you have questions in advance of the meeting, please contact Katelyn Gillis by email: connect@landwise.ca or by phone: **905.574.1993 ext. 207**
